ENJOY THE ESSENTIALS

Living means getting the essence of every moment of life. Precious moments with your family. Fruitful moments with your close friends. Entertaining moments with the music and movies you enjoy.

Enjoy life essentials face to face with family and friends or give them a call when they are far away. Staying in touch is an essential ingredient to a rich and meaningful life.

Oticon Ino is designed to let you enjoy the essentials of life.

THE ESSENCE OF HEARING

Hearing is essential for communication, interaction and participation – not only at home but also in situations where noise makes listening difficult.

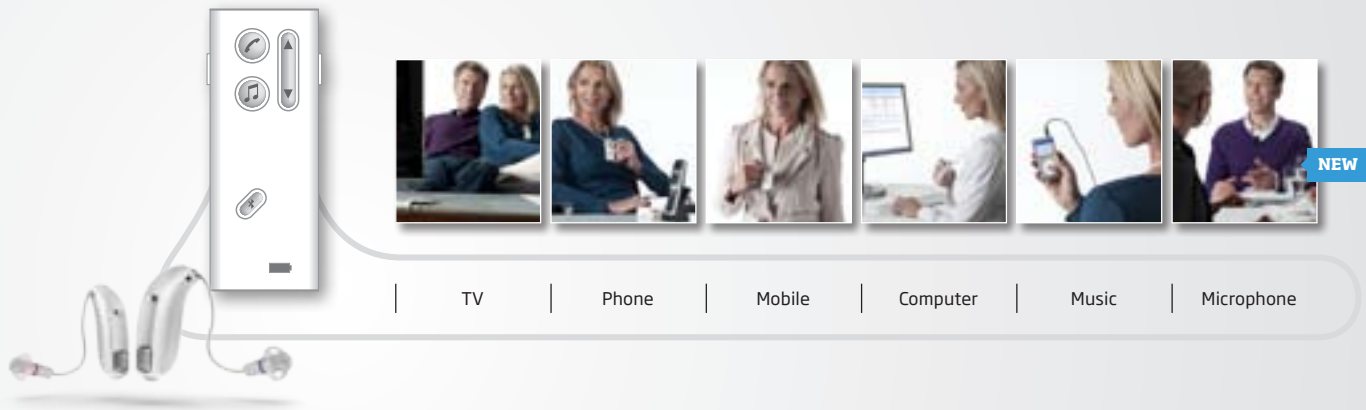

When hearing becomes difficult, not only do you need more sound – you need more **high quality** sound.

A natural and rich sound that makes speech easier to understand. A sound that supports your needs for interaction and participation.

Oticon Ino lets you enjoy the sound essentials.

THE ESSENTIAL HEARING SOLUTION

Oticon Ino is more than a hearing instrument, Ino is the essence of Oticon's most advanced and comprehensive hearing innovations.

Oticon Ino is built on the latest RISE 2 platform delivering superb sound quality and options for full wireless connectivity to all the communication and entertainment devices you enjoy using - telephone, mobile, TV, PC, mp3 player etc.

Oticon ConnectLine is the complete connectivity solution giving you easy access to the essentials of every day situations.

Barriers to natural communication disappear as you intuitively participate - just by touching a button on the Streamer control unit.

Oticon Ino - enjoy staying connected and in touch.
