

Would you like to **hear better** with an invisible hearing solution?

Introducing **invisible Intigaⁱ**

Hearing loss is a natural **part of life**

The solution is here

You are not on your own if you have difficulty hearing. Millions of people experience what is actually a completely natural part of life.

Missing out in conversations and other important situations, however, can have a huge impact on your life, so it is important to take action quickly if you have any concerns. The sooner you do something about it by making an appointment to see a hearing care professional, the sooner you can stop worrying and start living life to the full again.

Modern hearing care provides solutions for all types of hearing loss, and all types of people. With our invisible **Oticon Intiga**¹, you can enjoy all the benefits of a modern hearing solution without anyone else knowing anything about it.

Invisible **Oticon Intiga**¹

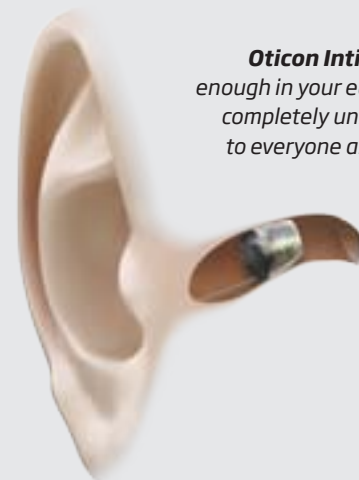

**Designed to keep your hearing loss
out of sight...**

...and out of mind

Intiga¹ is Oticon's most invisible hearing solution shaped to fit right in your ear - nobody needs to know you are wearing it.

Not only invisible to everyone else, **Oticon Intiga**¹ is designed to fit seamlessly into your lifestyle, so that nothing gets in the way of your regular daily routines.

If you want to continue taking an active part in life while keeping your hearing solution out of sight and out of mind for everybody, **Oticon Intiga**¹ may just be the perfect solution for you.

***Oticon Intiga**¹ fits far
enough in your ear that it is
completely unnoticeable
to everyone around you.*

Oticon Intigaⁱ is designed to blend invisibly into your lifestyle

Oticon Intigaⁱ hides discreetly inside your ear and frees you to lead an active life without showing the world you are wearing a hearing solution. There are no switches or buttons to control and it is designed to adapt automatically as sounds and places change, so that you can stay effortlessly active and confident all day, every day.

Because **Oticon Intigaⁱ** is fitted inside your ear, it has no impact on using headphones or telephones, how you do your hair or even wearing glasses. Removing it at night is simplified by the attachment of a thin, transparent string.

Oticon Intigaⁱ does not interfere with using modern communication devices.

Premium sound quality in a tiny package means a smooth transition to hearing better

*Size comparison
with coffee beans.*

In order to achieve optimal comfort, **Oticon Intigaⁱ** is custom fitted to your ear. As it is placed inside the ear, **Oticon Intigaⁱ** captures sound in the same way your ears were designed to. Based on Oticon's premium technology, **Oticon Intigaⁱ** gently preserves and amplifies sounds so what you hear is always clear - whether you are listening to voices or music.

With Oticon's high-end audiology, the hard work of following and understanding speech will be easier, which means you will be able to participate confidently in conversation.

Oticon Intigaⁱ is fully customised to suit your needs so that you can stop thinking about hearing loss and instead, focus on making the most of any situation.

Take the first step to **better hearing**

Doing something about your hearing paves the way to improving your quality of life. Out of sight and out of mind, **Oticon Intigaⁱ** removes the last barrier to experiencing all the benefits of a hearing solution and lets you keep your hearing loss a secret.

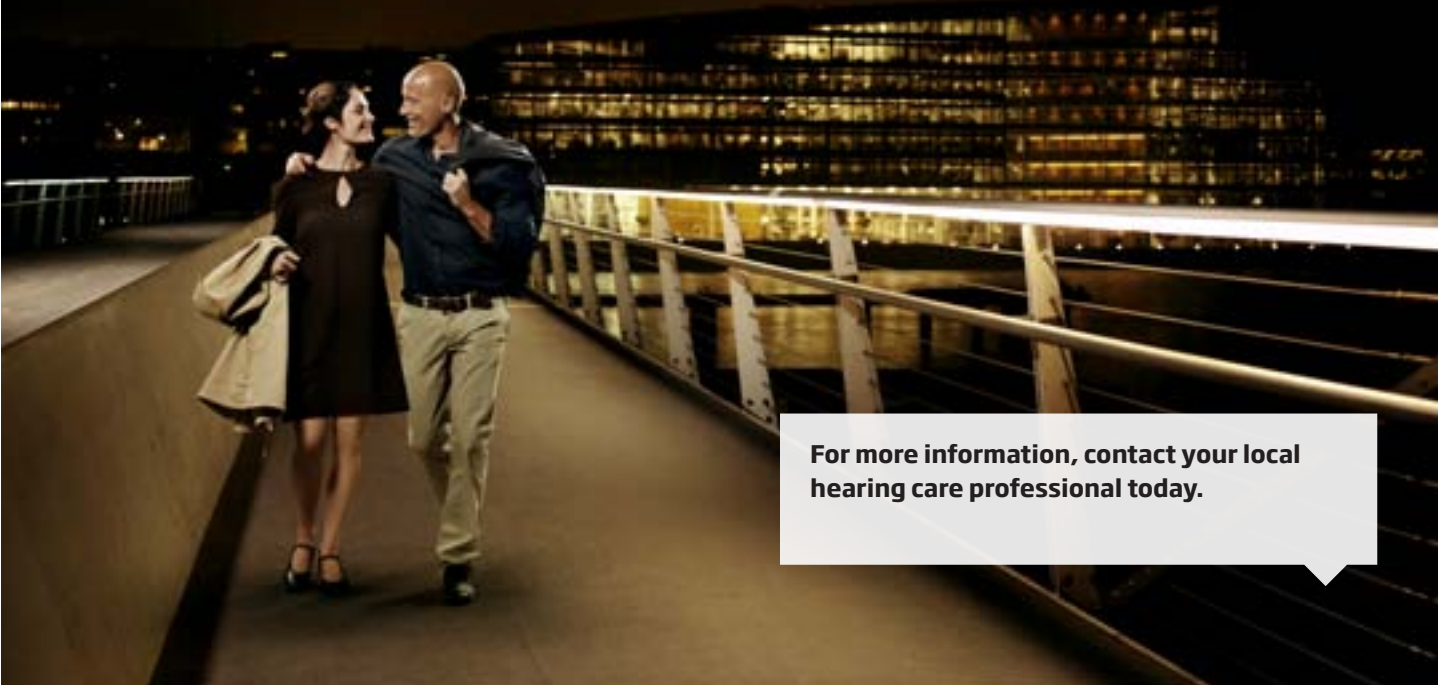

Hearing care professionals are always ready to answer any questions you may have - before, during and after your consultation. Based on a hearing test and your ear physiology, they will help you get a clear view of your options.

Ask your hearing care professional today if **Oticon Intigaⁱ** is the right solution for you.

Oticon Intigaⁱ is available in two models: **Intigaⁱ 10** and **Intigaⁱ 8**

Oticon Intigaⁱ 8 is packed with high quality miniature technology and handcrafted to fit invisibly in your ear. It is out of sight and out of mind, and automatically adapts to every noise environment you enter, so you can remain focused on what is important to you.

Oticon Intigaⁱ 10 adds further to the benefits of **Intigaⁱ 8**. It incorporates Oticon's unique Speech Guard sound processing technology and the ability to amplify even higher pitched speech sounds. With **Intigaⁱ 10** you get a solution that gives you the sound quality and speech understanding from Oticon's premium audiology.
